

Alert System for Rain

Authors: Jordan duBarry, Dakota Zuniga, Jackie Wang, Cody Harsey, and Jason Tran.

Problem Statement:

People often forget to bring their rain gear with them and then proceed to get rained on. Our solution will provide users with a way to remember to bring their rain gear.

Who's experiencing the problem?

People in the rain without sufficient rain gear.

What is the problem?

People forget to bring rain gear with them before it rains.

Where does the problem present itself?

Anywhere where it rains.

Why does it matter?

Being wet sucks and makes people upset.
